A MESSAGE TO THE USER OF THIS INDEX

In April of 1979, your office was sent the first edition of the *Index of Programs and Services* in both official languages. Since that time, my office has been contacting federal service to the public offices across Canada; to correct errors which occurred in the first edition, and to include all provincial capital addresses.

Considerable time and effort has been made to update, revise and complete Part 2 of the Index of Programs and Services.

The result is a directory of over 6000 federal offices that constitutes one of the most comprehensive lists of federal offices ever published by the Government of Canada. All of this information is available also at cost as a mailing list which can be sorted by department, branch, town, province, or postal code.

As this index is a continuing project of our awareness program, we need you to participate in its continued growth and improvement. And, in order to improve we must evaluate.

As a start to the evaluation process we ask that the public servant who uses the index and this Part 2 Amendment complete and return the *SURVEY ON USAGE OF INDEX* card to us. I would also ask that your staff complete one or both language reply cards depending on whether or not they use one or both language editions.

**INK AMENDMENTS
TO THE FIRST EDITION OF THE
INDEX OF PROGRAMS AND SERVICES**

GLOBAL CHANGES

1. Central Mortgage and Housing Corporation has changed its name to *Canada Mortgage and Housing Corporation*
2. Indian Affairs and Northern Development Parks Canada to read *Environment Canada* Parks Canada
3. Two branches in *Agriculture Canada* were re-organized and re-named on the 19th November 1979.
 1. The marketing function of the Food Production and Marketing Branch became the Marketing Branch; and
 2. The Health of Animals Branch and the Food Production portion of the former branch were combined to form the *Food Production and Inspection Branch*.

The new *Marketing Branch* is the primary focus for the marketing functions within Agriculture Canada. In conjunction with the Department of Industry, Trade and Commerce, this branch will identify market opportunities, conduct market research, develop marketing information, and provide advice and assistance to industry.

The new *Food Production and Inspection Branch* is responsible for all the department's production and regulatory activities (including inspection and grading services).

PART 2 — AMENDMENT

INTRODUCTION TO GOVERNMENT OF CANADA OFFICES IN YOUR TOWN

Whether it be one office in Telegraph Creek, B.C. or 30 or more in Halifax N.S. — there are few places across Canada where the federal government does not have a representative. This Part 2 Amendment is intended to assist you in locating the responsible federal office.

The information contained in this book will assist you in responding to queries from the public, that in turn will allow any Canadian anywhere in Canada to visit, write, or telephone the most appropriate Government of Canada office. The intent of this Part 2 Amendment is to replace pages 403 to 707 of the first edition: by adding over 1000 new addresses by making the other 5000 more complete and up-to-date. This new version will make your task of locating the most appropriate office easier.

In the following pages you will find:

- a list of towns where federal offices are located;
- the province and area code;
- the name of the department and office;
- the physical (or walk-in) address;
- the postal address and postal code;
- the telephone number, if the office has one;
- where applicable, advise on how to call the office.

HOW TO USE THIS PART 2 AMENDMENT

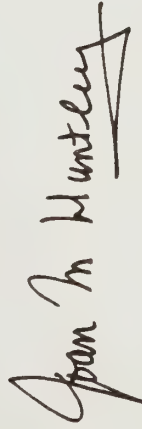

Pages 1 to 402 of the first edition lists the key-words describing over 1200 federal programs and services. The arrangement of these key-words allows you to scan quickly the details while you are being asked the question. After each key-word is a description of that particular program or service. The department's name appears in bold face type; followed by the branch or office responsible. Next the description advises the reader which office to call.

Here are a few examples of how you would use both books in order to answer an inquiry.

- someone calls you in your office in Walkerton Ontario. They want to know where to get information on *regulations* about the inspection of a cable television system. Choose any two to four words used by the caller. Try the two words which have been underlined. Look under regulations to find the correct description. The one on page 305 best describes what the caller wants. The description advises that all inquiries can be answered at any district office of the department, in this case, *Communications* (the proper name in bold). Communications does not have an office in your town. Go to the next largest centre. Try Hamilton or London. London has a district office for Communications. This office can respond to the question.
- or suppose you are working at the Canada Employment Centre in St. Anthony, Nfld. A mother calls, worried because the *family allowance* cheque didn't arrive. Check under these words in Part I of the first edition. The family allowance description says the department is Health and Welfare; Income Security Program; any district office. There is no health and welfare office in your town. Try Grand Falls. Nothing. Gander doesn't have one either. Try the provincial capital St. John's. There is an office. It is a Regional Office. Phone that office and state the problem.

Some inquiries may not be this easy. If you ever have problems in locating an office, then please re-read pages 736 and 737 of the first edition of the Index. The tips will be helpful. The only update of the information is that the Task Force on Service to the Public's mailing address is now

BUREAUX DU GOUVERNEMENT DU CANADA DANS VOTRE LOCALITÉ

Voici quelques exemples pour mieux illustrer comment le répertoire peut être utile et vous aider directement à la source:

- vous travaillez dans un bureau de district à Trois-Rivières; vous voulez savoir de quelle juridiction relèvent les quais construits le long du fleuve Saint-Laurent, entre Québec et Rimouski. Consultez d'abord la première partie de votre répertoire, au mot *Quais* où vous trouvez aussi les mots-clés *Aménagement et entretien*. Vous êtes déjà sur la bonne voie, parce que sous cette rubrique, on vous réfère à *Travaux publics Canada*. Vous passez donc à la deuxième partie (Annuaire des bureaux du gouvernement) et vous cherchez *Québec* ou encore *Montréal*: c'est à Montréal que Travaux publics Canada a un bureau régional, une adresse et un numéro de téléphone. Et voilà. Vous aurez peut-être logé deux appels tout au plus, mais vous êtes renseigné.

- vous travaillez dans un bureau régional de Québec. Un citoyen du troisième âge vous appelle de Saint-Alban disant qu'il n'a pas reçu son chèque de pension de vieillesse depuis deux mois, et qu'il s'inquiète. Il vous faut donc le renseigner avec précision sur ce retard. Recourez à votre répertoire où, en première partie, vous trouverez *Pensions de la vieillesse*; on vous réfère à Santé et Bien-être social Canada; en deuxième partie, vous trouverez dans la liste des localités, sous *Québec*, le ministère concerné et *Programmes de la sécurité du revenu*. Appeler et obtenir le renseignement ne sont ensuite que l'affaire de quelques minutes.

Que faire si, après plusieurs essais, vous ne trouvez pas les renseignements que vous cherchez? Revenez à votre répertoire, à la page 750 où sont inscrits les numéros téléphoniques du gouvernement du Canada. Mais avant d'en arriver là, ne perdez pas l'occasion d'exploiter les possibilités que renferme votre répertoire des programmes et services du gouvernement du Canada.

BUREAUX DU GOUVERNEMENT DU CANADA DANS VOTRE LOCALITÉ

Il n'y a pratiquement aucune localité au pays, si petite soit-elle, où les ministères ou les organismes du gouvernement du Canada ne sont représentés par un ou plusieurs bureaux régionaux ou bureaux de district.

Dans le but de vous aider à communiquer rapidement et efficacement, par lettre ou par téléphone, avec n'importe quel bureau régional, nous avons préparé, à votre intention, une version modifiée plus complète du répertoire d'adresses.

Vous y trouverez rassemblés

- un annuaire de toutes les localités du pays, même les plus reculées, où le gouvernement fédéral a installé un ou des bureaux;
- l'adresse et le code postal qui ne sont pas nécessairement ceux du bureau même, mais plutôt l'adresse et le code postal où le courrier est acheminé;
- le numéro de téléphone et l'indicatif régional (s'il s'agit d'une localité frontalière, le code régional peut fort bien être celui du premier grand centre voisin, aux États-Unis, mais dans ce cas, cette particularité est indiquée).

COMMENT UTILISER CET ANNUAIRE

Comme vous le constatez, le répertoire est volumineux. Néanmoins, il peut constituer un outil de travail et de recherche fort valable. Vous y trouverez une excellente source de renseignements qui vous permettront une communication rapide avec les autres ministères fédéraux, sans compter l'aide efficace que vous pourrez apporter aux citoyens qui ont recours à vous pour se renseigner.

Comment alors bien utiliser votre répertoire pour aller droit au but tout en évitant de logger quinze appels téléphoniques? Pourquoi ne pas procéder par référence, en consultant systématiquement les trois parties du répertoire, qui ont chacune leur rôle à jouer dans votre quête de renseignements: liste alphabétique des programmes et de leurs mots-clés; annuaire des localités où le gouvernement fédéral a un ou des bureaux régionaux ou de district et, en troisième partie, quelques renseignements utiles.

UN MESSAGE À L'USAGER DU RÉPERTOIRE

Au mois d'avril 1979, nous avons envoyé à votre bureau la première édition du Répertoire des programmes et services, publiée dans les deux langues officielles. Depuis lors, nous avons communiqué avec tous les bureaux fédéraux disséminés à travers le Canada et qui travaillent au service du public, dans un souci de redresser des erreurs qui ont pu se glisser dans la première édition et aussi pour inclure au répertoire toutes les adresses des bureaux installés dans les capitales provinciales.

Nous avons consacré plusieurs heures de travail pour mettre à jour, reviser et terminer la Partie II du Répertoire des programmes et services.

Comme résultat, nous vous offrons un annuaire qui regroupe 6 000 bureaux fédéraux et constitue ainsi une des listes de ces bureaux les plus étendues qu'ait publié le gouvernement du Canada. Nous pouvons de plus mettre à votre disposition, moyennant un certain montant, cet annuaire sous forme de liste d'envoi qu'on peut répartir par ministère, direction, ville, province ou code postal.

Vu que ce répertoire est un projet à poursuivre dans notre programme de sensibilisation, nous comptons sur votre participation pour qu'il continue à s'étendre et à s'améliorer. Pour cela, nous devons le soumettre à une évaluation.

Comme point de départ de cette évaluation, nous demandons au fonctionnaire qui utilisera le répertoire avec sa Partie II modifiée de remplir et de nous retourner la CARTE-SONDAGE SUR L'USAGE DU RÉPERTOIRE. Nous prions aussi votre personnel de remplir les cartes-réponses dans une ou dans les deux langues officielles, selon qu'il utilise les éditions dans une seule ou dans les deux langues officielles.
